1. The airfield, 1 km square, is on a plateau south-southeast of Dnepropetrovsk (48°27' N/34°59'E), Ukrainian S.S.R.
2. Two or three small hangars and a U-shaped multi-story building were located on the northern edge of the field.
3. The field was occupied only by biplanes. \*

\* [ ] Comment. The report probably refers to the airfield southeast of Dnepropetrovsk, about 5 km northwest of Voloskoye (Voloshskoye) (48° 18' N/35°09' E) which was previously reported ; [ ] The size of the field seems to be underestimated. The multi-story building and two hangars were previously reported. The field was used during the war. The occupation by biplanes agrees with a previous report. A pilot school is possibly stationed at the field.
